Dear Supervisors:

**COMMUNITY AND SENIOR SERVICES DEPARTMENT:
COMMUNITY SERVICES RESOURCE CORPORATION (CSRC)
DISBURSE GRANT FUNDS
(ALL DISTRICTS AFFECTED) (3 VOTES)**

SUBJECT

CSRC Bylaws mandate that the CSRC Board of Directors approve and obtain the concurrence of the Board of Supervisors for disbursement of funds that exceed \$5,000. This Board letter requests the Board of Supervisors' concurrence to disburse a \$15,000 grant from the Pacific Telesis Foundation to the Los Angeles County Department of Consumer Affairs (DCA). The grant will cover the costs incurred by DCA to reconstruct their website.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Concur with the CSRC Board of Directors' recommendation to issue a \$15,000 grant received from a Pacific Telesis Foundation to reimburse DCA for the costs incurred to the redesign their website.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The CSRC is a non-profit, public-benefit corporation created by your Board on July 1, 1983, to receive donations and grants to support programs that maintain the delivery of social services through solicitation of funds, goods, services and any kind of education within the meaning of Section 501 (c) (3) of the United States Internal Revenue Code.

The recommended action will allow CSRC to reimburse DCA for the costs incurred to reconstruct the DCA website.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

The recommended actions are consistent with the Countywide Strategic Plan, Goal 1 Service Excellence and Goal 4 Fiscal Responsibility.

FISCAL IMPACT/FINANCING

There is no cost to the County. The Pacific Telesis Foundation grant covers DCA costs.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On September 22, 1998, the DCA submitted a proposal (Attachment 1) to the Pacific Telesis Foundation to fund the reconstruction of the DCA's website. The proposal was submitted by the DCA through the CSRC (see Attachment 3). On December 28, 1998, the CSRC received these grant funds (see Attachment 2). In October 2006, the DCA requested that the CSRC disburse these funds pursuant to the terms of the grant. The Bylaws of the CSRC state that the CSRC Board must receive Board of Supervisor concurrence to disburse funds over \$5,000. The requested action will allow CSRC to disburse the grant funds to the DCA for reimbursement of the redesign of its website.

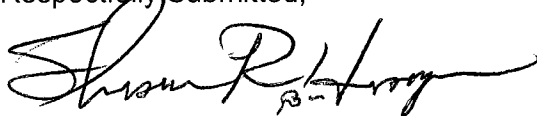

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The Pacific Telesis Foundation grant will cover the costs of DCA's website redesign. This action will support and further the efforts of DCA to provide constituents with current consumer information and provide an opportunity for "e-mail" inquiries.

CONCLUSION

Upon Board approval, please send one adopted Board letter to Jonathan Glassman, Director of Strategic Planning, County of Los Angeles Community and Senior Services, 3175 West Sixth Street, Room 224, Los Angeles, CA 90020.

Respectfully Submitted,

WILLIAM T FUJIOKA

PACIFIC TELESIS FOUNDATION GRANTDEPARTMENT OF CONSUMER AFFAIRSWEB SITE RECONSTRUCTION PROJECTBACKGROUND

The Department of Consumer Affairs was established by the Board of Supervisors in 1976 to serve the more than 9 million residents of Los Angeles County. The Department provides telephone and in-person counseling and assistance to more than 300,000 persons annually through its Consumer Protection, Small Claims Advisor, Real Estate Fraud and Dispute Settlement Services programs. It also fully investigates, mediates and resolves over 3,000 formal consumer complaints each year.

PROJECT DESCRIPTION AND NEED FOR THE PROJECT

The Department's existing Web site describes the many free services it offers. It also makes available the Department's numerous information sheets, on topics ranging from credit repair to how to collect a small claims judgment. These are designed to help the public help themselves in consumer protection and small claims matters and to give them the tools to avoid becoming victims of fraud.

The proposed project would redesign the current Web site so that additional information could be added to it and to make it more user friendly. The new design would also provide an opportunity for County residents to "E Mail" their inquiries and for the Department to respond to them electronically. This would improve service and comply with a Board order that Department Web pages provide an "E Mail" option to the public. The new design would also enable the Department to establish linkages with other Web sites, increasing its exposure and the number of people it reaches with the valuable information it has to offer.

BUDGET

The budget for the project is \$15,000, which will fund personnel and services and supplies costs for a twelve month period. The Department plans to hire three consultants, at \$5000 each, who will divide the tasks of redesigning the Web site and responding to "E Mail" communications.
